

JOURNEY MANAGEMENT POLICY

Energy Works Technology Ltd, HSE Policy objective is to ensure that at the end of each and every day operation, anyone directly or indirectly associated with its activities is able to return home healthy. EWT activities require the movement of men and materials by AIR, LAND and WATER [as situation may warrant]. The task of ensuring that all trips are safely and conclusively closed out is paramount to EWT corporate objective.

Consequently;

- EWT shall formulate, promote and enforce guidelines and procedures aimed at ensuring good journey management system and shall periodically review and update same to conform and be consistent with acceptable practices.
- EWT shall uphold, respect and comply with all relevant guidelines and regulations of government, its agencies and client's policies aimed at ensuring that life and property in transit are protected and preserved.
- EWT shall support and contribute to local and international efforts aimed towards enhancement and improvement of existing norms, standards and codes as they apply to Journey Management.

A handwritten signature in blue ink, consisting of a large, stylized initial 'D' followed by the name 'Darius'.
